Applicant B.C. SEKHAR SDN BHD et al						
1. This international preliminary examination report has been prepared by this International Preliminary Examining Authority and is transmitted to the applicant according to Article 36.						
2. This REPORT consists of a total of 3	sheets, including this c	over sheet.				
This report is also accompanied by ANNEXES, i.e., sheets of the description, claims and/or drawings which have been amended and are the basis for this report and/or sheets containing rectifications made before this Authority (see Rule 70.16 and Section 607 of the Administrative Instructions under the PCT).						
These annexes consist of a total	of sheet(s).		.			
3. This report contains indications relatin	g to the following items:					
I X Basis of the report						
II Priority	!	•				
III Non-establishment of o	pinion with regard to nov	elty, inventive step a	and industrial applicability			
IV Lack of unity of inventi	on					
	der Article 35(2) with regards supporting such staten		ative step or industrial applicability;			
VI Certain documents cited	i					
VII Certain defects in the in	iternational application					
VIII Certain observations on	the international applica	tion

INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application No.

PCT/SG2003/000173

I.	Basis of the report				
1.	ith regard to the elements of the international application:*				
	X the international application as originally filed.				
	the description, pages, as originally filed,				
	pages , filed with the demand,				
	pages, received on with the letter of				
	the claims, pages, as originally filed,				
	pages , as amended (together with any statement) under Article 19,				
	pages , filed with the demand,				
	pages, received on with the letter of				
	the drawings, pages, as originally filed,				
	pages , filed with the demand,	Ì			
ı	pages, received on with the letter of				
	the sequence listing part of the description:				
	pages , as originally filed				
	pages, filed with the demand pages, received on with the letter of				
		l			
2.	With regard to the language, all the elements marked above were available or furnished to this Authority in the language in which the international application was filed, unless otherwise indicated under this item.				
	These elements were available or furnished to this Authority in the following language which is:				
	the language of a translation furnished for the purposes of international search (under Rule 23.1(b)).				
	the language of publication of the international application (under Rule 48.3(b)).				
	the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3).				
3.	With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing:				
	contained in the international application in written form.				
	filed together with the international application in computer readable form.				
	furnished subsequently to this Authority in written form.				
	furnished subsequently to this Authority in computer readable form.				
	The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.				
	The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished				
4.	The amendments have resulted in the cancellation of:				
	the description, pages				
	the claims, Nos.				
	the drawings, sheets/fig.				
5.	This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).**				
*	Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are not annexed to this report since they do not contain amendments (Rules 70.16 and 70.17).				
**	* Any replacement sheet containing such amendments must be referred to under item 1 and annexed to this report				

INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application No.

PCT/SG2003/000173

V. Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1.	Statement
	Statement

Novelty (N)	Claims .	YES
	Claims 1-9	NO
Inventive step (IS)	Claims	YES
	Claims 1-9	NO
Industrial applicability (IA)	Claims 1-9	YES
	Claims	NO

2. Citations and explanations (Rule 70.7)

CITATIONS .

D1. DD 134770

D2. US 2423766

D3. GB 582700

D4. DD 143263

D5. US 1754535

D6. GB 618299

NOVELTY

<u>Claims 1-9</u>: The claimed invention relates to a method of concentrating an emulsion of synthetic rubber comprising the steps of creaming the latex and centrifuging the latex particles. These features are disclosed in each of the above citations. For example, D1 and D2 each discloses the use of sodium alginate to cream synthetic latex and concentrating the latex by centrifugation. Hence, the claims are not novel in the light of these citations.

INVENTIVE STEP

Claims 1-9: These claims lack an inventive step for the same reasons given above.
